
[USP–NF Spanish Edition](#)

- [Buy 2018](#)

The *USP–NF* is available as a Spanish Edition for Spanish-speaking pharmaceutical scientists and professionals. USP has used the most rigorous translation and quality control to develop the *USP–NF* Spanish Edition. The translation process was guided and directed by a special advisory group of volunteer scientific experts from many Spanish-speaking countries. The translation was thoroughly checked by bilingual (English/Spanish) USP staff scientists. *USP–NF* standards are [enforceable by the U.S. Food and Drug Administration](#) for medicines manufactured and marketed in the United States.

The Translation Management System for the Spanish Edition of the United States Pharmacopeia—National Formulary (*USP–NF*) has been [certified to ISO 17100:2015](#) to provide the translation of *USP–NF* into Spanish as of September 7, 2016. This certification is applicable starting with the Second Supplement to 39th edition of the *USP* and the 34th edition of the *NF*. With this certification USP reinforces its commitment to *USP–NF* users with products in line with best industry practices.
