Type of Posting: Revision Bulletin

Posting Date: 28–May–2010

Official Date: 01–Oct–2010

Expert Committee: Safe Medication Use Expert Committee

In accordance with the Rules and Procedures of the 2005–2010 Council of Experts, the Safe Medication Use Expert Committee has revised the USP General Chapter <1066> Physical Environments that Promote Safe Medication Use. The reason for the revision is that the general chapter printed in the First Supplement to the *USP 33–NF 28* Reissue did not reflect the final version approved by the Expert Committee.

The USP General Chapter Physical Environments that Promote Safe Medication Use Revision Bulletin supersedes the currently official General Chapter. The Revision Bulletin will be incorporated into *USP 34–NF 29*.

Should you have any questions, please contact Shawn C. Becker, M.S., R.N. (301-816-8216 or scb@usp.org).
