

Levalbuterol Hydrochloride

Type of Posting: Notice of Intent to Revise

Posting Date: 29-May-2009

Official Date: Date To Be Determined

Expert Committee: Aerosols

In accordance with the Rules and Procedures of the 2005–2010 Council of Experts, the Aerosols Expert Committee intends to revise the test for Related Compounds in the Levalbuterol Hydrochloride Monograph to reflect the approved marketed products. The revisions to the Monograph will be made official through a Revision Bulletin or Proposed Interim Revision Announcement in accordance with [Guideline on Use of Accelerated Processes for Revisions to the USP](#).
