Monographs Affected by Revision to <821> Radioactivity

Type of Posting: Notice of Intent to Revise

Posting Date: 28–Oct–2016

Targeted Official Date: 1–May–2017

Expert Committee: Various

In accordance with section 7.05(c) of the 2010–2015 Rules and Procedures of the Council of Experts, this is to provide notice that USP and its Expert Committees, as applicable, intend to revise multiple monographs in response to the revision of General Chapter <821> Radioactivity.

General Chapter <821> was proposed for comment in *Pharmacopeial Forum* 41(5) [Sep.–Oct. 2015] and will appear in *USP 40–NF 35*. USP has identified numerous monographs that reference General Chapter <821> and thus require revision to modify these references. These references will be updated when the monographs appear in *USP 40–NF 35*. A list of the monographs that will be modified can be found here.

All modifications will become official on May 1, 2017 to coincide with the official date of revised General Chapter <821>.

Please also see the Compendial Notice: New Revision Markup for Reference Changes in USP–NF for details on the revision markup used to identify the reference updates.

Interested stakeholders are encouraged to alert USP staff to any other effects they may recognize related to the revision of General Chapter <821>.
