
[Complete Reagent Section No Longer Being Printed in Supplements to USP–NF](#)

Type of Posting: General Announcement

Posting Date: 01–Feb–2013

Beginning with the First Supplement to *USP 36–NF 31*, USP will discontinue printing the Reagents, Indicators, and Solutions section in its entirety in supplements to the *USP–NF*. The print supplements will only include items that have been modified or added since the previous publication. The complete Reagents, Indicators, and Solutions section will continue to be printed in the annual book publication and will be included in all online and USB flash drive versions.

Should you have any questions, please contact Caroline Wilson, Director, Publications (301-816-8521 or cmw@usp.org).
