
[Proposal Status/Commentary](#)

USP posts the status of Revisions, Deferrals, Cancellations, Commentary, and Index for each *USP–NF* and Supplement.

- Revisions are approved standards that will appear in the publication.
- Deferrals are items that have been proposed in Pharmacopeial Forum (PF) but are not yet approved by an Expert Committee.
- Cancellations are items that have been proposed in PF but have been canceled. Canceled items may be re-proposed in a future PF.
- Commentary is a summary of comments received and the appropriate Expert Committee's responses in cases when proposals advance to official status without being re-published in PF.
- The Index is a copy of the combined Index for a given Book or Supplement. The Index is posted for informational use only and should not be used for interpretive purposes.

Revisions, Deferrals, and Cancellations generally are posted in advance of posting of the online *USP–NF* or Supplement. Commentary and Index are posted the same day the online *USP–NF*, Supplement, or other official text is released.
