Type of Posting: Revision Bulletin

Posting Date: 30–Jul–2010; updated 30–Jun–2011*

Official Date: 01–Sep–2010

Expert Committee: Monographs—Small Molecules 4

In accordance with the Rules and Procedures of the 2010–2015 Council of Experts, the Monographs—Small Molecules 4 Expert Committee has revised the Cetirizine Hydrochloride Oral Solution monograph. The purpose for the revision is to accommodate the sponsor's FDA-approved specification for the pH limits.

The Cetirizine Hydrochloride Oral Solution Revision Bulletin supersedes the currently official monograph and will be incorporated in the *USP 34–NF 29*.

Should you have any questions, please contact Domenick Vicchio, Ph.D. (301-998-6828 or DWV@usp.org).
