

Flumethasone Pivalate

Type of Posting: Notice of Intent to Revise

Posting Date: 30– August –2019

Targeted Official Date: 01–May–2021, *USP* 2021, Issue 1

Expert Committee: Chemical Medicines Monographs 5

In accordance with section 7.04 (c) of the 2015–2020 Rules and Procedures of the Council of Experts, this is to provide notice that the Chemical Medicines Monographs 5 Expert Committee intends to revise the Flumethasone Pivalate monograph.

USP may propose to omit a monograph from the *USP-NF* if the article is no longer marketed in the United States and where the monograph is not necessary to serve a public health need. Monographs may also be proposed for omission to address safety concerns. Based on evaluation of the monograph, the USP Chemical Medicines Monographs 5 Expert Committee has determined that the Flumethasone Pivalate monograph should be proposed for omission in the *Pharmacopeial Forum* (PF).

USP Flumethasone Pivalate RS, associated with this monograph, may become unavailable prior to the monograph omission becoming official. USP does not intend to develop a replacement lot for USP Flumethasone Pivalate RS in anticipation of the omission of this monograph.

It is anticipated that the proposed revision will be published in *PF* 45(6) [Nov–Dec 2019].

Should you have any questions, please contact Morgan Puderbaugh, Senior Scientific Liaison (301–816–8373 or mxp@usp.org).
