Type of Posting: Publication Correction

Posting Date: 28-Feb-2020

USP was recently made aware that duplicated versions were displayed with both “Currently Official” and “Older Version” (Never Official) statuses for Anhydrous Dibasic Calcium Phosphate. No revisions or changes associated with the *Second Supplement* to USP 42–NF 37 publication title or official date had been made to the monograph.

The monograph now appears correctly with an official status of “Currently Official” along with its associated DocID:
