

[USP–NF Spanish Edition](#)

USP is aware of some problems with the *USP–NF* English and Spanish USB drive format products. These issues are rare and appear to be limited to systems running Windows 10. If you experience any problems, please contact us at: support@usp.org.

The *USP–NF* is available as a Spanish Edition for Spanish-speaking pharmaceutical scientists and professionals. USP has used the most rigorous translation and quality control to develop the *USP–NF* Spanish Edition. The translation process was guided and directed by a special advisory group of volunteer scientific experts from many Spanish-speaking countries. The translation was thoroughly checked by bilingual (English/Spanish) USP staff scientists. *USP–NF* standards are [enforceable by the U.S. Food and Drug Administration](#) for medicines manufactured and marketed in the United States.

The Translation Management System for the Spanish Edition of the United States Pharmacopeia—National Formulary (*USP–NF*) has been [certified to ISO 17100:2015](#) to provide the translation of *USP–NF* into Spanish as of September 7, 2016. This certification is applicable starting with the Second Supplement to 39th edition of the *USP* and the 34th edition of the *NF*. With this certification USP reinforces its commitment to *USP–NF* users with products in line with best industry practices.

How to Order USP–NF Spanish Edition

In certain international regions, you may be required to order USP publications through a USP Authorized Distributor. If you are unsure whether this applies to your region, please contact USP Customer Service at +1-301-881-0666 or 1-800-227-8772. If restrictions do not apply, you may order direct from USP.

- **Direct from USP:** Click the "Buy 2017" button above to order online (then, select the Spanish Edition), or call +1-301-881-0666 or 1-800-227-8772.
- **From a USP Authorized Distributor:** [View distributor contact information](#).

USP-NF Spanish Edition now offered only in a USB Flash Drive format with the possibility of printing

USP only offers the Spanish Edition of *USP-NF* in a Flash Drive format that allows for printing. This change is necessary during our transition towards offering an online product for the Spanish Edition of *USP-NF*. For this reason, USP will no longer offer the Spanish Edition in its traditional print format starting with *USP41–NF36*.

The Flash Drive Product offers the following functionalities:

- Navigation window on the left-hand side that offers direct access to distinct sections and individual documents
- Search tool that allows for the search of terms within the entire publication including Supplements
- Print of individual documents, such as monographs and general chapters, to assist with your documentation processes within your laboratory
- Access to all content without needing an Internet connection
- Use of the product without needing individual credentials
