The *USP–NF* is a combination of two compendia, the *United States Pharmacopeia* (USP) and the *National Formulary* (NF). It contains standards for medicines, dosage forms, drug substances, excipients, biologics, compounded preparations, medical devices, dietary supplements, and other therapeutics. The current version of *USP–NF* standards deemed official by USP are [enforceable by the U.S. Food and Drug Administration](#) for medicines manufactured and marketed in the United States. The current version, *USP–NF 2023, Issue 1*, will become official on **May 1, 2023**.

An ISO certified Spanish translation ([certified to ISO 17100:2015](#)) of *USP–NF* compendial content is available as the [Spanish USP–NF Online](#).

Benefits & Applications

The *USP–NF* offers convenient, comprehensive information for all phases of producing quality prescription, nonprescription, and compounded medicines; excipients; biologics; medical devices; and dietary supplements. It is essential for quality control, quality assurance, regulatory/compendial affairs, research and development, method development/analytical services, and corporate management. *USP–NF* monographs and methods can help to

- Ensure compliance with required U.S. quality standards
- Work to world-recognized standards of precision and accuracy
- Validate test results against proven benchmarks

-
- Establish and validate in-house standard operating procedures, and specifications
 - Expedite new product development and approvals
