

## USP 42–NF 37 Print, Online, and Flash Drive: Salix Species Bark, Salix Species Bark Dry Extract, and Salix Species Bark Powder

**Type of Posting:** Publication Correction

**Posting Date:** 11-Dec-2018

USP recently discovered certain text missing from the Dietary Supplement monographs *Salix Species Bark*, *Salix Species Bark Dry Extract*, and *Salix Species Bark Powder* as they appear in the *USP 42–NF 37* print, online, and flash drive products. Specifically, the *Labeling* section of these monographs as published in *USP 42–NF 37* is missing the following caution statement, which became official on March 1, 2018:

*Dosage forms prepared with this article should bear the following statement: Not for use in children, women who are pregnant or nursing, or by persons with known sensitivity to aspirin.*

The monographs will be corrected via errata published in the Errata Table on Jan. 25, 2019. The correct versions will also be made available in the online product via the monthly posting on Jan. 25, 2019.

The correct and currently official versions of these monographs can be accessed here:
