Type of Posting	Revision Bulletin
Posting Date	29-Sep-2023
Official Date	1-Oct-2023
Expert Committee	General Chapters - Chemical Analysis

In accordance with the Rules and Procedures of the Council of Experts, the General Chapters - Chemical Analysis Expert Committee has revised General Chapter <621> Chromatography. The purpose of this revision is to further delay the implementation of the subsections *Peak sensitivity* and *System symmetry* under *System suitability* until May 1, 2025, to coincide with the target official date of the revision proposal to appear in *PF* 49(6) [Nov–Dec 2023]. For additional details, please see the [Notice of Intent to Revise](#) describing the next steps and timelines for <621> Chromatography revisions.

The <621> Chromatography Revision Bulletin supersedes the currently approved harmonized chapter that became official on April 1, 2023.
