

(661.1) Plastic Materials of Construction

Type of Posting	Revision Bulletin
Posting Date	23-Feb-2024
Official Date	1-Dec-2025
Expert Committee	General Chapters - Packaging and Distribution

In accordance with the Rules and Procedures of the Council of Experts, the General Chapters–Packaging and Distribution Expert Committee has revised General Chapter (661.1) Plastic Materials of Construction. The purpose of this revision is to address comments received regarding the missing *Acceptance criteria* for the *Acidity or alkalinity* test for *Poly(ethylene-vinyl acetate)*.

The (661.1) Plastic Materials of Construction Revision Bulletin supersedes the currently official general chapter.

Should you have any questions, please contact Desmond G. Hunt, Scientific Liaison to the General Chapters–Packaging and Distribution Expert Committee (301-816-8341 or dgh@usp.org).
