In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 3 Expert Committee has revised the Acetazolamide Extended-Release Capsules monograph. The purpose of this revision is to add *Dissolution Test 2* and *Dissolution Test 3* to accommodate FDA-approved drug products with different dissolution conditions and/or tolerances than the existing dissolution test(s). *Labeling* information has been incorporated to support the inclusion of *Dissolution Test 2* and *Test 3*. This revision also necessitates a change in the table numbering.

The Acetazolamide Extended-Release Capsules Revision Bulletin supersedes the monograph that will be official on Dec. 1, 2023.
