

Amoxicillin Capsules

Type of Posting	Revision Bulletin
Posting Date	29-Oct-2021
Official Date	1-Nov-2021
Expert Committee	Small Molecules 1

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 1 Expert Committee has revised the Amoxicillin Capsules monograph. The test for *Organic Impurities* and the corresponding revision to the *USP Reference Standards* section in the monograph have been [postponed](#) based on the comments received. The purpose for the revision is to add clarity by removing the postponed content from the monograph so that only the official content is contained within the version marked as “Currently Official” in *USP-NF* Online as the postponed content will not be reinstated.

The Amoxicillin Capsules Revision Bulletin supersedes the currently official monograph.
