

Amphetamine Sulfate Tablets

Type of Posting	Revision Bulletin
Posting Date	31-Jan-2025
Official Date	1-Feb-2025
Expert Committee	Small Molecules 4

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 4 Expert Committee has revised the Amphetamine Sulfate Tablets monograph. The purpose of this revision is to add *Dissolution Test 3* to accommodate FDA-approved drug products with different dissolution conditions and/or tolerances than the existing dissolution test(s).

- *Dissolution Test 3* was validated using the μ Bondapak C18 brand of column with L1 packing. The typical retention time for amphetamine is about 7 min.

The Amphetamine Sulfate Tablets Revision Bulletin supersedes the currently official monograph.
