

Ampicillin Capsules

Type of Posting	Revision Bulletin
Posting Date	21-Dec-2023
Official Date	22-Dec-2023
Expert Committee	Small Molecules 1

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 1 Expert Committee has revised the Ampicillin Capsules monograph. The purpose of this revision is to add *Dissolution Test 2* to accommodate FDA-approved drug products with different dissolution conditions and/or tolerances than the existing dissolution test. *Labeling* information has been incorporated to support the inclusion of *Dissolution Test 2*.

- *Dissolution Test 2* was validated using the Triart C18 brand of column with L1 packing. The typical retention time for ampicillin is about 6 min.

The Ampicillin Capsules Revision Bulletin supersedes the currently official monograph.
