

Bacillus coagulans

Type of Posting	Revision Bulletin
Posting Date	30-Jun-2023
Official Date	1-Jul-2023
Expert Committee	Non-botanical Dietary Supplements

In accordance with the Rules and Procedures of the Council of Experts, the Non-botanical Dietary Supplements Expert Committee has revised the *Bacillus coagulans* monograph. The purpose of this revision is to correct the acceptance criteria in *Table 1* for Strain GBI-30, 6086 using *Primer set 2* from “Amplification product of 1253–1331 base pairs” to “Does not produce an amplification product of 1253–1331 base pairs”.

The *Bacillus coagulans* monograph Revision Bulletin supersedes the currently official monograph.
