

## Cetyl Palmitate

<b>Type of Posting</b>	Revision Bulletin
<b>Posting Date</b>	28-Jun-2024
<b>Official Date</b>	1-Jul-2024
<b>Expert Committee</b>	Complex Excipients

In accordance with the Rules and Procedures of the Council of Experts, the Complex Excipients Expert Committee has revised the Cetyl Palmitate monograph. The purpose of this revision is to update the acceptance criteria of carbon number 28 and carbon number 30 fatty esters in *Table 4* based on information and data received from the commenter.

The Cetyl Palmitate Revision Bulletin supersedes the currently official monograph.
