

## Chlorzoxazone Tablets

<b>Type of Posting</b>	Revision Bulletin
<b>Posting Date</b>	25-Mar-2022
<b>Official Date</b>	1-Apr-2022
<b>Expert Committee</b>	Small Molecules 4

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 4 Expert Committee has revised the Chlorzoxazone Tablets monograph. The purpose of this revision is to add *Dissolution Test 4* to accommodate FDA-approved drug products with different dissolution conditions and/or tolerances than the existing dissolution test(s).

- *Dissolution Test 4* was validated using the Luna C18 brand of column with L1 packing. The typical retention time for chlorzoxazone is about 10 min.

The Chlorzoxazone Tablets Revision Bulletin supersedes the currently official monograph.
