

## Dicyclomine Hydrochloride Tablets

<b>Type of Posting</b>	Revision Bulletin
<b>Posting Date</b>	25-Oct-2024
<b>Official Date</b>	1-Nov-2024
<b>Expert Committee</b>	Small Molecules 3

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 3 Expert Committee has revised the Dicyclomine Hydrochloride Tablets monograph. The purpose of this revision is to add *Dissolution Test 3* to accommodate FDA-approved drug products with different dissolution conditions and/or tolerances than the existing dissolution test(s). *Labeling* information has been incorporated to support the inclusion of *Dissolution Test 3*.

- *Dissolution Test 3* was validated using the XTerra RP8 brand of column with L7 packing. The typical retention time for dicyclomine is about 5 min.

The Dicyclomine Hydrochloride Tablets Revision Bulletin supersedes the currently official monograph.
