

## Diphenhydramine Hydrochloride Oral Solution

<b>Type of Posting</b>	Revision Bulletin
<b>Posting Date</b>	29-Oct-2021
<b>Official Date</b>	1-Nov-2021
<b>Expert Committee</b>	Small Molecules 5

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 5 Expert Committee has revised the Diphenhydramine Hydrochloride Oral Solution monograph. The test for *Organic Impurities* and the corresponding revision to the *USP Reference Standards* section in the monograph have been [postponed](#) based on the comments received. The purpose of this revision is to add clarity by removing the postponed content from the monograph so that only the official content is contained within the version marked as “Currently Official” in USP-NF Online, as the postponed content will not be reinstated.

The Diphenhydramine Hydrochloride Oral Solution Revision Bulletin supersedes the currently official monograph.
