

Fondaparinux Sodium

Type of Posting	Revision Bulletin
Posting Date	29-Apr-2022
Official Date	1-Aug-2022
Expert Committee	Biologics Monographs 3 - Complex Biologics & Vaccines

In accordance with the Rules and Procedures of the Council of Experts, the Biologics Monographs 3 - Complex Biologics & Vaccines Expert Committee has revised the Fondaparinux Sodium monograph. The purpose of this revision is to change USP Fondaparinux Sodium System Suitability Mixture A RS to USP Fondaparinux Sodium System Suitability Mixture A Solution RS due to the formulation change.

Additionally, minor editorial changes have been made to update the monograph to current *USP* style.

The Fondaparinux Sodium Revision Bulletin supersedes the currently official monograph and will become official on August 1, 2022. As outlined in *USP General Notices 3.10. Applicability of Standards*, users may use early adoption and begin using the USP Fondaparinux Sodium System Suitability Mixture A Solution RS when it is released by USP.
