

## Gabapentin Tablets

<b>Type of Posting</b>	Revision Bulletin
<b>Posting Date</b>	27-Dec-2024
<b>Official Date</b>	1-Jan-2025
<b>Expert Committee</b>	Small Molecules 4

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 4 Expert Committee has revised the Gabapentin Tablets monograph. The purpose of this revision is to add *Dissolution Test 3* to accommodate FDA-approved drug products with different dissolution conditions and/or tolerances than the existing dissolution test(s). Existing references to reagents have been updated for consistency with the reagent entry.

- *Dissolution Test 3* was validated using the XBridge BEH C8 brand of column with L7 packing. The typical retention time for gabapentin is about 7 min.

The Gabapentin Tablets Revision Bulletin supersedes the currently official monograph.
