<b>Expert Committee</b>	Small Molecules 2

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 2 Expert Committee has revised the Guanfacine Tablets monograph. The purpose of this revision is to modify *Dissolution Test 2* by adding “deaerated, if necessary” in the *Medium* to accommodate FDA-approved drug products with different dissolution conditions and/or tolerances than the existing dissolution test(s).

The Guanfacine Tablets Revision Bulletin supersedes the currently official monograph.
