

Iodixanol Injection

Type of Posting	Revision Bulletin
Posting Date	31-Mar-2023
Official Date	1-Apr-2023
Expert Committee	Small Molecules 4

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 4 Expert Committee has revised the Iodixanol Injection monograph. The purpose of this revision is to provide additional flexibility to manufacturers by adding the word “preferably” to the *Packaging and Storage* section that currently prescribes a specific type of glass. Please see the [General Announcement](#) and [Notice of Intent to Revise](#) for more information. Existing references to reagents have been updated for consistency with the reagent entry.

The Iodixanol Injection Revision Bulletin supersedes the currently official monograph.
