

loversol Injection

Type of Posting	Revision Bulletin
Posting Date	27-Dec-2024
Official Date	1-Jan-2025
Expert Committee	Small Molecules 4

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 4 Expert Committee has revised the loversol Injection monograph. The purpose of this revision is to widen the impurity limit for “loversol related compound B” from NMT 1.5% to NMT 2.0% in the test for *Organic Impurities* to accommodate FDA-approved drug product specifications.

The loversol Injection Revision Bulletin supersedes the currently official monograph.
