<b>Expert Committee</b>	Small Molecules 2

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 2 Expert Committee has revised the Mesalamine Delayed-Release Tablets monograph. The purpose of this revision is to add *Dissolution Test 5* to accommodate FDA-approved drug products with different dissolution conditions and/or tolerances than the existing dissolution test(s).

Additionally, minor editorial changes have been made to update the monograph to current *USP* style.

The Mesalamine Delayed-Release Tablets Revision Bulletin supersedes the currently official monograph.
