In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 3 Expert Committee has revised the Metformin Hydrochloride Extended-Release Tablets monograph. The purpose of this revision is to add *Dissolution Test 21* to accommodate FDA-approved drug products with different dissolution conditions and/or tolerances than the existing dissolution test(s). The revision also necessitates a change in the table numbering in the test(s) for *Dissolution*.

The Metformin Hydrochloride Extended-Release Tablets Revision Bulletin supersedes the currently official monograph.
