

Methylprednisolone Sodium Succinate for Injection

Type of Posting	Revision Bulletin
Posting Date	4-May-2022
Official Date	5-May-2022
Expert Committee	Small Molecules 5

In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 5 Expert Committee has revised the Methylprednisolone Sodium Succinate for Injection monograph. The purpose of this revision is to revise the drug product description to include Sodium Bicarbonate as a salt forming reagent in the *Definition* section based on a manufacturer's approved specifications.

The Methylprednisolone Sodium Succinate for Injection Revision Bulletin supersedes the currently official monograph.
