In accordance with the Rules and Procedures of the Council of Experts, the Small Molecules 1 Expert Committee has revised the Rifampin, Isoniazid, and Pyrazinamide Tablets monograph. The purpose of this revision is to delete “calculated on the dried basis” from the definition of *C* in the Assay, as the assigned value of USP Rifampin RS on the certificate/label already includes a correction for the moisture content.

The Rifampin, Isoniazid, and Pyrazinamide Tablets Revision Bulletin supersedes the currently official monograph.
