
[USP 40–NF 35 Online: <191> Identification Tests—General](#)

Type of Posting: General Announcement

Posting Date: 01–Jun–2017

USP is aware of an issue with the cross reference links to General Chapter <191> from content within the *USP 40–NF 35* online edition and *Supplements*. Currently the cross reference links direct users to a version of General Chapter <191> that is no longer official. The new version of General Chapter <191> became official on May 1, 2017. The cross reference links will be updated in *USP 41–NF 36* online when the unofficial version is removed from the publication.

Please check the first line under the title of General Chapter <191> *Identification Tests—General*, containing the specific official date, to ensure you are accessing the intended version of the General Chapter.

For more information on the affected monographs, see the related Compendial Notice: www.uspnf.com/notices/general-chapter-191-identification-tests.

USP apologizes for any inconvenience this may cause.
