

Publication Correction: USP Compounding Compendium

Type of Posting: Publications Correction

Posting Date: 05-Feb-2016

USP recently determined that there is misplaced content in Section 3 – Supporting General Chapters of the *USP Compounding Compendium* that posted on February 1, 2016. General Chapter <800> Hazardous Drugs—Handling in Healthcare Settings was inadvertently placed in Section 3 instead of Section 2 – Compounding Related General Chapters.

The *USP Compounding Compendium* has since been updated and the corrected version is now available, with General Chapter <800> appearing correctly in Section 2 – Compounding Related General Chapters, without any changes to the chapter content.

USP apologizes for any inconvenience this may have caused.
